

AN INVITATION FROM THE BBRA

Members of FoBRA are cordially invited to join the BBRA for our October General Meeting when we will be hosting a Conversation between Guy Hodgson, former Chair of Walk/Ride Bath and current Bath representative for the national 20 is Plenty campaign in Bath and Mark Shelford, former Ward Councillor and immediate past Police & Crime Commissioner who will be addressing the question “Bath: England’s First 20MPH City?”.

Bath is only 8 miles of tarmac away from being a 20mph city. How did we reach this point; should we go all the way? Join us as our speakers take us through the pros and cons. I am pleased to announce that FoBRA’s newly elected Chair, Jeremy Boss, will be acting as Convenor.

Our event will be held at St. Luke’s Church, Wellsway on 8 October at 7:30pm. Admission is free but seating is limited and must be booked in advance through the Booking Page of our website: bloomfieldbathresidents.org or through Eventbrite. Booking opens 7 September.

There will be time for audience participation. Wine and soft option will be available for purchase via cash or card. Onsite parking is limited but the location is well served by local buses including the Number 4 which stops adjacent to the Church on Bloomfield Road. Should you have any questions please write to me at bloomfieldbathra@gmail.com.

I hope to see some of you there!

Julie Ingerfield
